We are informed that a party of men engaged in blusting rocks to improve the Little Truckee river, four miles above Boca, discovered a coal vein yesterday. The vein is eighteen inches thick, and the coal has been tested and burns freely We have not seen the article, and only speak from hearsay. It has been contended by geologists that there could not be any such thing as fossil or stone coal in this region. The opinions of geologists are not always infallible and we trust in this case they may be in error.—

New York, Sept. 24.—Assistant U. S.
District Attorney, who went to Europe last Spring to obtain evidence against importers in cases of importations at alleged under valuation, has returned. He says he found the German Government because, as was thought, it had issued commissions to its consuls in Europe, authorizing them to cite imports before them for the purpose of extorting information respecting invoices made out in Europe. Acting upon that supposition, the German Government informed the American Legation at Berlin that if the consuls of this government attempted to execute these commissions their exequatures would be revoked.

On motion, the following resolutions were unanimously adopted:
Resolved, That we recommend to the various Democratic and Idberal County Committees of the State of Nevada to appoint primary meetings for the election of delegates to the State and County Conventions in accordance with the above apportionment.

Resolved, That cheap transportation for both articles of consumption here and articles of production to be transported to markets, is actually necessary for the well-being and prosperity of the State, and that we favor the passage of a law by the next Logislature regularing the tariff of railroad freights and fares on roads in this State, preventing unjust discrimination, than reducing the cost of living for our miners and laborers, and keeping the money amongst us in legitimate trade, instead of sending it into the vaults of railroad companies.

Resolved, That we are if avor of taring the property of railroad companies should be assessed as near its actual companies should be assessed as near its actual. Resolved, That all votes who are in favor of the foregoing resolutions, and opposed to the similarization of U. S. Grant, are invited to similarization of U. S. Grant, are invited to
